AUGUST 12, 2009

For the second year in a row, Bass, Berry & Sims PLC was named among the Best Law Firms for Women by *Working Mother* magazine and Flex-Time Lawyers, a national consulting firm. Bass, Berry & Sims won for what the magazine said was continued attention to work-life and women's issues and increased use of flextime, reduced-hour and other family-friendly work policies.

Women comprise 32 percent of the firm's attorney workforce and hold several leadership roles at the firm.
