by Stephen Albainy-Jenei  
August 17, 2009

We are pleased to announce that Frost Brown Todd has been selected both by *Working Mother* magazine and the Flex-Time Lawyers organization as one of the 50 Best Law Firms for Women.

Law firms throughout the United States were evaluated on their workforce profiles, family-friendly benefits and policies, flexibility, leadership, compensation, and their advancement and retention of women, among other factors.

*“This award further underlines the progress our Diversity and Women’s Initiative programs have made over the last eight years. As a law firm, we go beyond talking points. Our commitment is demonstrated through **actions**. And, it is because of our actions that we have achieved this important award.”*

On September 15, 2009 the firm will receive this award at the Gala Award Luncheon in New York, NY for the 2009 Best Law Firms. [Click here](#) to view the complete article from *Working Mother* magazine.
